“ To Betty's family,

We join you in celebrating all that Betty meant to each of you. May your memories be something you always cherish.

My memories of your family begin a long time ago when my parents and yours spent many an evening playing cards in each other's homes. Your mom made amazing midnight snacks (almost meals....with delicious cakes!) at the end of those parties. And since I was the oldest girl in my family, I got to enjoy all of Gayla's hand-me-down dresses FIRST! I also got to enjoy her little brothers....I didn't have any brothers. What fun we all had during those years!

And my parents had even more fun with your parents before all of us came along. Our families got woven together even before us!

It was nice to see you all last January during the birthday celebration. That's another thing we share! Your dad and my mom share the same birthday! I always enjoyed the times they sent last year's cards back to each other. Our family began practicing this in the last few years. The friendship has spawned family traditions that may go on forever! The Thomsen's were good for the Chapman family in many ways.

So....may you all be blessed by the family and friends who come together on Saturday. We will be thinking of you.
