“ My sympathy to Kelly, Michael, Amber, Damien, Gary and Shelia and extended family members as well. I taught Jesse for several years. He was a bright student and I can recall many instances when he made me laugh! After high school and during his time in the military, Jesse visited my classroom, dressed in military uniform, and thanked my colleague and I for what we provided to him during high school. It was a touching moment and one I'll never forget. He was one of my most favorite students. My prayers are with you all.
