“ My sincere condolences to your family. It is with great regret that I did not connect with Mr. Grote before his passing. He was an amazing educator in horticulture and floraculture. He provided me with a love of gardening and brightening the world with flower arrangements. Through his cooperative program I was able to fund further education. He truly had the patience of a saint, building the first ever greenhouse (1973-75) at Shawnee Mission Northwest, with the help of a bunch of high school students(hooligans)! He had a beautiful smile and made the most elegant chocolate yeast bread. He earned his way into heaven just in the two years that I knew him. He touched so many lives through his teaching. All that he did, he did with his heart and soul.

“ Grote was my instructor on a few occasions at Johnson County Community College. He was always so enthusiastic about plants. His knowledge and passion resounded with me. Throughout the years I've wondered where he was and what he was doing. I am terribly sad that I didn't get to say good-bye. I'll never forget him bringing in huge pine cones from a coastal region for us to study, the trips to local cemeteries to see huge, old trees, and his genuine love for horticulture.

So sorry for your family's loss, it is also Shickleys loss as in the short time he has lived there he has been an advocate for so many supports in town. Will miss his little kindnesses shown by homemade eats and support to so many emotionally and physically in their times of need. Bless you Charles
