“ Lora and I taught together at Endicott. All through the years since then we have written to one another at Christmas and she always sent an anniversary card to my spouse and me every year as well. We were fortunate enough to get to see one another several times when she lived in Fairbury. A very sweet lady. Ann Wahl, Morrowville, KS

“ We shared more memories than i can count growing up at Plymouth on the farm. I especially remember the long summers that seemed to last forever. I remember going to the shelter belt and cutting our own small tree saplings so we would be prepared for the hot dogs that would be roasted latter in the evening and of course the roasted marshmallows on an open fire. And of course the fireworks we shared on July 4th. No air conditioning on the farm no indoor plumbing, but we did not care. Later when you got married i remember my dad's pride when he walked you down the aisle. You have always worked hard during your life and it is with sadness that we will not be able to see you on this earth tending to your flowers and vegetables, but with happiness that you are now rejoicing with your other family members and loved ones in heaven. May your family find peace and rest in this time of sadness.

Forever your cousin, Lester

“ I have known Lora ever since I can remember s a child, celebrating many family gatherings of extended family (especially birthdays). But I got to know the whole family better after the untimely death of her father when the family moved into Fairbury. My dad was frequently over at their place helping her mom with whatever handyman chores were necessary (he loved doing this) and our families interacted on many other occasions over the years. When Lora was in high school she and I, along with my best friend Kathie Schrock Hughes, would walk together to FHS most days. We'd meet at the corner of 8th & C st and walk together from there. Some of those mornings were quite cold! I can't remember what we talked about but we never lacked for conversation! In the intervening years we've went our own ways but could always strike a conversation when we'd see each other. I recall Lora worked hard to become a teacher, going to FJC (Community College) to get a 2 yr degree and then going out teaching where she could get credentialed while pursuing a 4 yr degree, a class at a time. It was the only way she could afford to pursue a degree. There were very few schools she could teach in even back then with just a 2 yr degree but she found a job nevertheless!
I'm sorry to miss her memorial service but I've commitments this week. What a beautiful picture of Lora!

“ My sympathy to Lora’s family. I taught school with Lora in Belgrade. We also bowled together. My sister, Jane, and I were Lora’s friends. Lora was exceptionally good at sending cards and letters. I will miss her. Her Christmas letter this year updated me on her activities this past year and what her family had been doing.
