“ I never met Rose or Merlin. They are in my family tree and I have seen letters Rose sent to the newspaper editors to correct the misinformation that they published about the Gilbert Hulse Cemetery.

Merlin is my third cousin. Our common ancestors were Joseph G and Axie.

“ I knew Rose Marie for over 30 years...I met her through the Nebraska State Genealogical Society. We attended many meetings and other activities via that organization and I even visited her home once when she still had the NSGS Library. I have so many fond memories of so many discussions we had and I missed not seeing her the last few years. Although my mother and aunt were "German" twins, I always knew them apart and for some reason Rose Marie always reminded me of my aunt...something I told Rose Marie many times. My sympathy to you and your family. Cindy S. Drake, Librarian, Nebraska State Historical Society and resident of rural Avoca, Cass County.

“ I only talked to Rose on the phone after finding out my husband's genealogy met with Merlin's. She gave my husband and I the directions to the old Hulse cemetery by Fairmont to take pictures. I wish I had more genealogy of the family like she had and she gave me tips. Ross and Elaine Hulse Albion, NE

“ Such a neat lady. It was several years ago that she opened her home and heart to us in our genealogy search...the newspapers were a godsend...as was she. Suzy G, Lincoln
